January 8, 2014

Dear Adams City High School Parents and Guardians,

In life many things happen in which students need support. We at Adams City High School wanted to let you know of some of the resources available for students and families. The school has partnerships with numerous outside agencies to provide services for our students around the following issues:

Drug and Alcohol Abuse  
Grief Counseling  
Bullying  
Restorative Justice  
Counseling and Therapy Support  
Mental Health Support

In addition to our outside partnerships, we have a number of license therapists, counselors and Child Advocates present at the school that can provide additional support around the aforementioned issues, or other issues as they arise. If you have any questions on how to access these or other services to support your child's mental and emotional well being, please contact the our Family Liaison, Carmen Herrada at 303-853-7704.

Sincerely,

Anthony Smith  
Executive Director of School Turnaround  
Adams City High School

Adams 14, in partnership with the community, will  
**inspire, educate and empower**  
every student to succeed in the 21<sup>st</sup> Century.
