StoryTown Elementary Reading Program

StoryTown creates a rich verbal environment through carefully selected words, student-friendly explanations, and meaningful learning activities. A balance of selections keeps all of our StoryTown residents reading. Plus our “Week 5” lets students revisit important destinations, apply skills, and put a story on stage.

Children can easily traverse through Student Editions, and instructional planners help teachers navigate daily lessons and differentiate instruction. With state-of-the-art eBook and eAssessment options, *StoryTown* is always “connected” with a multitude of online resources, including professional development videos and podcasting, virtual flash cards, and online practice books. Students love our eBooks with hundreds of interactive activities that reinforce the phonics, vocabulary comprehension, writing, and grammar instruction found in the print textbook.

StoryTown eAssessments measure student performance against state benchmarks or learning objectives with tests that can be taken online, and results that can be used to inform instruction. ExamView empowers teachers to choose questions from the Harcourt School Publishers item bank or create their own test questions at the click of a mouse.
