The Colorado State Library has launched [www.storyblocks.org](http://www.storyblocks.org), an online video collection featuring one-minute songs and rhymes for babies, toddlers and preschool children in both English and Spanish. Filmed in partnership with Rocky Mountain PBS, librarians throughout Colorado share successful activities as well as literacy tips. Parents, child care providers and others will discover ways to engage very young children in fun and playful interactions that also build healthy brain development.

The U.S. Department of Education offers U.S.A. Learns, a free website to help immigrants learn English. The website, which is located at [www.USALearns.org](http://www.USALearns.org), provides approximately 11 million adults who have low levels of English proficiency with easily accessible and free English language training.

U.S.A. Learns offers the following features:

- An easily accessible Internet learning tool;
- Simple directions;
- Free instructional materials developed to teach basic English skills and help adults improve their English proficiency; and
- Learning modules that can be used outside a traditional classroom.
